

March 23, 2020

To: Our Valued Customers

Today, as you are no doubt aware, Governor Whitmer announced the stay-at-home order for Michigan residents, starting at 12:01 AM March 24th until 11:59 PM on April 13th. The Executive Order prohibits in-person work and travel that is not necessary to sustain or protect life. Based on the information that is available to us at this time, this Executive Order applies to Consumers Concrete operations. **Therefore, we will be operating only to supply critical infrastructure work, which is exempt from this executive order.** This will be a challenging time for all of us, but we are confident that we can adjust to accommodate the needs of our customers.

Included in the Executive Order is the statement that businesses that employ critical infrastructure workers may continue in-person operations.

*For purposes of this order, **critical infrastructure workers** are those workers described by the Director of the U.S. Cybersecurity and Infrastructure Security Agency in his guidance of March 19, 2020 on the COVID-19 response. Such workers include some workers in each of the following sectors:*

- (a) Health care and public health.*
- (b) Law enforcement, public safety, and first responders.*
- (c) Food and agriculture.*
- (d) Energy.*
- (e) Water and wastewater.*
- (f) Transportation and logistics.*
- (g) Public works*

We are more than willing to supply your critical infrastructure work, as defined above. Prior to shipping we will need documentation to support that this is a critical infrastructure project, so that the delivery drivers have a copy of this document when traveling to the jobsite. We need this document to protect our delivery drivers, if stopped in transit. We apologize for any inconvenience this may create for you, but these are unprecedented times.

In summary, we will be operating only to serve the critical infrastructure projects. This is a very fluid situation, and we will modify and notify you with any changes. If you have any questions, please feel free to contact your Sales Representative or any one of us.

Please be well and safe.

Thank you

Bruce Blair, President and CEO

Bill Dyke, Ready-Mix Sales Manager

Melissa Kline, Concrete Products Sales manager
